Education

KIET Group of Institutions **2023 – 2027**
B.Tech in Computer Science Ghaziabad, Uttar Pradesh

Smt. Sridevi Awasiya Vidyapeeth **2022 – 2023**
Senior Secondary School (XII) Agra, Uttar Pradesh

Agra Public School **2020 – 2021**
High School (X) Agra, Uttar Pradesh

Experience

TEAM ERP **June 2024 – Present**
Developer – Full Stack Ghaziabad, Uttar Pradesh

- Develop and maintain production features for an in-house ERP platform serving **8,000+ users** across academic and administrative workflows.
- Develop and maintain **6+ ERP modules**, including Marks Monitoring, Hostel, Registrar, and Academics, covering end-to-end business workflows.
- Build **RESTful APIs and backend services** using **Python, Django, and Django REST Framework**, integrated with MySQL/PostgreSQL databases.
- Work with an **8+ member development team** on feature development, API integration, debugging, optimization, and production issue resolution.

Technical Skills

Languages: Python, JavaScript, C++, C, SQL
Backend: Django, Django REST Framework, REST APIs, API Development, Celery
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Databases: MySQL, PostgreSQL, Database Design
Tools & DevOps: Git, GitHub, Docker, Linux, Postman, SMTP
Integrations: Payment Gateway Integration, Webhooks, Third-Party API Integration

Projects

NotifyKIET | React.js, Django REST Framework, MySQL, Celery Nov 2025

- Developed a **bulk email communication platform** with customizable templates, recipient management, and automated delivery workflows for **10,000+ subscribers**.
- Implemented **SMTP-based delivery, retry mechanisms, and asynchronous Celery processing** for reliable high-volume communication.

KIET-Epay | React.js, Django REST Framework, PostgreSQL, Easebuzz Feb 2026

- Developed a full-stack **event management and registration platform** with dynamic admin-configured forms and database-backed workflows.
- Integrated the **Easebuzz payment gateway** with webhook-based payment verification for INR and USD transactions.

CampusCare | React.js, Django, MySQL, Celery Nov 2024

- Developed a full-stack **hostel grievance management system** for submitting, assigning, tracking, and resolving facility complaints.
- Implemented **role-based workflows, responsibility assignment, status tracking, and database-driven operations**.

Certifier | React.js, Django, MySQL, Pandas Jan 2025

- Built a **bulk certificate generation system** capable of generating **500+ certificates per batch** using customizable templates and dynamic data placement.
- Implemented **CSV/Excel processing with Pandas**, customizable formatting, and automated ZIP generation for batch distribution.

Achievements

- **Track Winner** – NASA Space Apps Challenge 2025.
- **Finalist** – IEEE SSH Challenge 2024.
- Solved **500+** Data Structures & Algorithms problems on LeetCode.
- Solved **100+** Data Structures & Algorithms problems on GeeksforGeeks.

Certifications

- Database Application Development Training – Infosys Springboard
- Ubuntu Linux: Operating System Basics – LinkedIn Learning
